Measure: SB527

I am opposed completely to limiting 18-21 year old access to firearms. This is unconstitutional in text and history 100%.

I will donate to law suit challenge of this .

At this point frivolous assault intentionally done knowing this follows no text in history is open for civil lawsuit in the billions or trillions.

I am willing to start financial recoupment case for all affected.

Civil rights are not to be fret with.

I adamantly oppose this. Supreme court has spoken and states like Oregon need to wake up for face financial repercussion. We are tired of you using tax payer dollars to initiate and defend attacks on all civil rights.

You should be ashamed even going after cannabis users right to own a gun. No where in text and history were felons barred or cannabis users barred. You will loose.
