To Chair Grayber and Vice-Chair Tran,

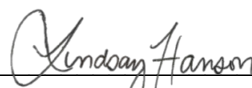

I urge support and pass HB 3572 that gives Oregon Benefit Companies (OBC) a sustainable advantage when submitting a proposal to the Oregon procurement office for a contract.

I'm the owner of a small business in Portland. OBC leaders like me have a commitment to doing good for society, requiring that we make business decisions that are not always the most cost-efficient option.

HB 3572 will help ensure that the Oregon Benefit Company continues to thrive in our state and acknowledge the commitment these purpose-driven leaders have made to all their stakeholders.

Please support and pass HB 3572.

Sincerely,

Lindsay Hanson
