On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I am a renter in Springfield Oregon. I am employed full time and pay almost 1/2 of my income to rent and utilities. A 14.6% rent increase would put me on the streets. I would never recover from this deviation. I am not alone and many others would be on the streets too. Please don't allow this to happen.

Thank you,
Shandra Ford
