

Submitter: Mary Davies

On Behalf Of:

Committee: House Committee On Education

Measure: HB2895

I am the parent of a sixth grader at a middle school in Portland who has an IEP with support for reading, writing and math. This year her school special education team was so understaffed that she did not receive any services until December. Needless to say, this exacerbated her transition from elementary to middle school. Full funding for special education is essential for the well being of all students.
