Measure: HB3390

Thank you for having a hearing on HB 3390. I am an Oregon resident in Portland and I support this bill.

California has banned the sale of new fur products; Oregon should be next to prevent profiting off sentient beings who are forced to stay inside cramped cages with wire mesh flooring, in extreme temperatures, and typically killed by anal electrocution, neck breaking, or other crude and gruesome methods.

This is not what what civilized people condone.
