

Submitter: Charles Klenske
On Behalf Of: Hareline Dubbin LLC
Committee: House Committee On Judiciary
Measure: HB3390

I use Hareline Dubbin LLC as the major supplier of fly tying materials for my fly tying business. About 50% of the flies that I tie require the use of fur (deer, elk and rabbit fur). Passage of this bill would adversely effect Hareline's business, and in turn my business that I have spent the last 12 years building up, as well as hundreds or even thousands of fly tyers across the country. Please do not consider this bill. It will cause much more harm than you think.
