

Submitter: Joshua Slocum

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB527

To whom this may concern,

This is a ridiculous overreach of power. United States citizens 18yrs and up may sign up for the armed services be handed a firearm to fight for your freedom as you sit there and try and strip them of their right to legally purchase a firearm for recreational purposes. If the legislators put as much time and effort into laws that protect us law abiding citizens this would be a great state again.
