Measure: HB3390

Thank you for having a hearing on HB 3390. I am an Oregon resident in Corvallis, Benton County. I strongly support this bill. Oregon should be a leader in the nation to prevent the subjugation of sentient animals for profit by forcing them to live in cages and suffer horrific deaths. These cages, with nothing more than wire mesh flooring, often in extreme temperatures, is inhumane and no longer defensible given our informed understanding today. These terrified animals are too often killed by anal electrocution, neck breaking, or other crude and gruesome methods. This barbarism is no longer acceptable given how animal behavior now informs us. Please vote for humanity and animal welfare.
