

Submitter: Jake OBrien  
On Behalf Of: Concerned citizens  
Committee: House Committee On Judiciary  
Measure: HB3390

Your chamber is a complete joke. Fix your homeless and crime problem and leave fly fishing alone. You've destroyed your State through terrible policies. And I'm a liberal!!! Don't even think about this ridiculous, ill-informed, and pointless legislation. This doesn't serve your constituents, it harms them. You will destroy and entire industry and impact a group of VOTERS who arguably do more for the Oregon environment than any State institution. No fur, but killing wild steelhead is OK!? YOU. ARE. ALL. JOKES.
