Committee: Senate Committee On Judiciary

Measure: SB348

Measure 114 and any subsequent amendments need to be abolished immediately as the entire measure violates human rights and the Constitution. The right to defend one's life is not to be infringed upon. The right to bear arms shall not be infringed upon. The language is plain, so I suspect that those involved in drafting these measures that violate our rights are not stupid and are in fact malicious. End this nonsense now.
