Measure: SB527

I absolutely oppose this legislation! It's ridiculous beyond measure. An 18 year old can be in the armed forces to protect our country yet you want to make it illegal for them to own a firearm??? What a foolish idea! The 2nd amendment was very clear. "...the right of the people to keep and bear Arms, shall not be infringed". There was no restriction in the Constitution about age when it came to the ability to self-protect, and that was intentional. This in an absolute, unequivocal NO vote!
