On Behalf Of: End mail in voting  
Committee: Senate Committee On Judiciary  
Measure: SB348

I STRONGLY OPPOSE Floyd Prozanski's SB 348. It is garbage, being both illegal and unconstitutional and he knows it, yet he persists. I think he should be brought up on charges of misusing taxpayer monies to push a personal agenda. I think all these anti-gun bills would wind up in the trash if #1, Oregon stopped with the mail in voting (which is easily manipulated to a desired result) and went back to in person voting. #2, The Oregon SoS, and AG need to start doing the job they were 'elected' to do, and if they can't do that they need to step aside. #3, Make it a crime for any Oregon legislator to accept monies from any special interest group. #4 My inalienable rights do not end where other peoples feelings begin (in this case the Oregon Democrats in the legislature), never have and never will.

The oath I took to support and defend the Constitution of the United States against all enemies, foreign and domestic did not come with an expiration date. And right now it would appear that the Oregon Democrats are in fact domestic enemies of the Constitution, both state and federal. Do drugs and crimes in Oregon, and the DA (in this case the Multnomah County DA) will for the most part not even press any kind of charges, just let the perp walk. Oregon is doing what it can to make it impossible and illegal for a law abiding citizen to protect their families and property, while at the same time catering, enabling, and pandering to the criminal.
