Measure: SB348

I strongly opposed SB 348. Measure 114 barely passed due to misleading the public as to what was really involved and now you are going even farther to take away our rights as American citizens. We already have laws against murder, armed robbery, mass shootings and the like. You are insane if you think criminals feel negatively toward Oregon passing another law limiting the use of firearms to the law abiding citizen. On the contrary, criminals thrive when more gun laws are passed. Since they do not follow our laws, they gain power. Is that your plan in passing your absurd gun restriction laws. Stop attempting to pass laws that harm legal American citizens!
