RE: SB 348

I continue to wonder how legislation like this makes me any safer. In fact as a concerned citizen I feel less safe and my right to protect myself against criminals who will ignore any of your laws will do what they want anyhow. Criminals ignore the law. It is unconstitutional to infringe on my right to bear arms and protect myself and my family against people who disregard the law!. Please don't punish law abiding citizens with the burdens this type of legislation puts upon the ones who do follow the law and expect our leaders to respect our rights and help us to protect our rights not take them away.
