

Submitter: Dick Armstrong  
On Behalf Of: All Freedom Loving People  
Committee: Senate Committee On Judiciary  
Measure: SB348

Good day to all. I am calling upon this state government body to halt all of your Un-Constitutional assaults on my God given and 2nd Amendment rights. You all took an oath to uphold the Oregon as well as the Nations Constitutional laws. So I am demanding you stop this illegal assault on my 2nd Amendment rights. If you continue, you should all resign immediately.

The only people that get harmed by these Un-Constitutionals laws are the innocent law-abiding citizens. Criminals don't care about your laws, they laugh at you and your stupidity. It just makes people that fear the government and their illegal laws easier targets. And the criminals love it and you, for helping them have easier victims.

All of you that vote for these kind of laws need to be thrown out of office next election.

Thank you for your time,  
Dick Armstrong
