

Submitter: James Bernstein  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB3390

To Whom it may concern,

I oppose this bill. For the life of me I cant even imagine why this bill is in existence. This would be very harmful to many businesses like ours and affect thousands of fly tiers across the country in a very negative way. This bill is ludicrous.

Sincerely,

James A. Bernstein
