Committee: Senate Committee On Judiciary
Measure: SB348

Committee Members,

A statistic that is likely to be found in the future is that Leftists Democrat swamp creatures, including those within weak secondary parties, became the leading cause of deaths by criminals in the United States.

Portland, Oregon case in point as having once held favored status as point of destination until it finally deteriorated after 30 or more years of party policy. A successful result of propaganda used on obedient and feeble minds.

Heil Salem,

Lemming Observer
