On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SJM6

I oppose turning our nation's capital into a state. Our capitol is where legislation is written that affects the rest of the country; it should remain a non-partisan area, as the Founders intended. The purpose of having an area designated for the federal government was to be separate from the states; as stated in Article 1 Section 8 of the Constitution.
