Measure: SB348

I strongly oppose this bill! This bill is in violation of our 2nd amendment rights provided to us in the Constitution. It is also a direct violation of the Otegon State Constitution. The very reason Measure 114 is tied up in court. As a responsible gun owner myself in this state, I am appauled at the Left's agenda to take away the rights of law abiding citizens, as this will have little to no affect on the level of crime in this state.

As a direct example , the state of Maryland had some of the strictest gun laws in the country, and also at the top of the list for gun violence and murder per capita in this country. Maryland has since removed a number of these laws being that they were unconstitutional, allowing the citizens to lawfully arm themselves and thus immediatly resulting in a reduction in crime and murder rates within the state!

This bill can not be allowed to move forward! Tirrany will not stand!!
