

Submitter: Thena Larteri-Lyons

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

No on this Bill! It is Measure 114 in disguise and you know it! If you want to disarm people, start with the criminals!!! Do your job and leave the law abiding citizens to their Constitutional Rights! You do remember what those are, don't you? Maybe you need a refresher course in them!!

To raise fees to defund the law abiding tax payer is criminal! To remove ANY right for law abiding citizens to protect themselves via your extortion tactics is criminal!
