

Submitter: Elaine Gesik  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB3390

Ladies and Gentlemen,

I urge you to oppose this bill. We need to support trappers and remember that the State of Oregon was established by the fur trade. Trappers work in conjunction with Ranchers to help protect livestock from predatory animals. We should not put a ban on any type of trapping and we should not prohibit the sale or trade of any fur product in the State of Oregon. This is in direct violation of rights as Oregonians and Americans and a ban of free trade process. This bill is a threat to our freedom and should be opposed. We should allow fur trade market to remain free in our state.

Thank you  
Elaine Gesik
