Measure: SB348

Respectfully,

I strongly oppose SB348. This is just another avenue to violate our Constitutional Right to keep and bear arms. Knowing that this issue is tied up in Federal Court, I see this as a deceptive move on the Legislature to slide this in with out notification to the community. In case you have not read or studied the Constitution:

The Second Amendment Reads:

"A well regulated militia, being necessary to the security of a Free State, the right of the people to keep and bear Arms, Shall not be infringed!"

Our founding fathers knew this was fundamental to the freedoms of the people of our Republic to keep and bear Arms. America is a Republic, not a Democracy. The founders fled such a Democracy and came to form a Country built on Freedoms that would be FOR the people BY the people. This is called a Republic!

Please vote no on this very bad bill that infringes on the rights of responsible fire arm owners that follow the law and the constitution.
