Measure: SB348

I Oppose SB348!! It is without a doubt unconstitutional and infringes on our rights as Americans to Keep and Bear arms. This bill attacks the lower class and places an extreme financial burden on these families that wish to purchase a firearm legally. With this Unconstitutional and absurd proposed bill, this would prohibit families from exercising their rights to protect themselves and their families as Americans. Prohibiting people under the age of 21 to purchase a firearm is an infringement on our 2A rights.
