

Submitter: Kathleen Blankenbiller

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

March 26, 2023

Vote NO on SB 348

I strongly oppose SB 348 and any amendments attached to it.

Those who wish to destroy the Second Amendment right of American citizens use our American legal system to write 'laws' which twist, smash, squeeze and manipulate language to make it increasingly more difficult and expensive for ordinary, law abiding citizens to secure firearms and ammunition with which to protect themselves, their families and property.

Vote NO on SB 348
