I would like to write in opposition to SB 348

This bill is an obvious gut and stuff attempt to push through a revamped measure 114.

The Courts have decided to enact a temporary restraining order while they determine the Constitutionality of 114.

Please sideline this until the courts have had their say on the matter.

I believe this will be found unconstitutional. Current Supreme Court decisions have set forth a new standard.

NYSRPA v. Bruen will require that “the government must affirmatively prove that its firearms regulation is part of the historical tradition”

The History of Oregon has allowed for the possession and use of standard capacity magazines for as long As I can remember. It is not right to suddenly make it a crime to possess these common use magazines.

Ramming this legislation through is a disservice to Oregonians. It is an overreach by legislators hell-bent on stripping Law abiding Oregonians of their rights.

This entire bill is ill conceived, it will not reduce crime, it will only punish law abiding Oregonians.

The Increase In fees for this scheme will impact those who are least able to Pay. Single mothers, people of color and those who fall into lower income brackets are suddenly unable to protect their very lives.
