

Submitter: Lyndon McGill
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

SB 348 is ultimately just another move to make it more difficult for law-abiding citizens to obtain firearms and will raise the cost of doing so in an attempt to discourage gun ownership altogether. All of the current gun laws being enacted around the country will do little to make society safer, since criminals hell-bent on obtaining guns or any other methods used to cause bodily harm or other mayhem will always find a way to do so. Get real and leave us law-abiding citizens alone for a change!
