

Submitter: Katrina Buskirk

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB408

This is unnecessary. OHA doesn't need to be tampering and fiddling with the scope of what healthcare providers can do. We don't need NPs and PAs practicing without oversight in ways that only MD, DO, or NDs are trained to.

The current licensing and practice scopes are adequate and provide Oregonians with solid choices in the type of provider they seek care from.
