

Submitter: Kathy Mussi
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

This is absolutely ridiculous and a waste of time! You need to let this go! Legal gun owners are responsible citizens! We the People have already made known to you that gun owners do not support more gun control. Its useless. Lets use the city of Chicago as an example. That's just ONE city where the crime rates are so ridiculously high its dangerous to live there. And it won't be long that our cities will be the same way soon. Big and small businesses are leaving our state in droves. Let's stop the madness about gun control as a tool to keep crime down. Spend more time figuring out how to stop crime instead. Criminals who want a gun will always get a gun, regardless of how many "laws" we have. And let me make it perfectly clear. IF I were to ever be in a situation where I was being shot at in an enclosed area, I would be thankful to have someone who was carrying to step in and save our lives. Let's not make it easy on criminals to carry and hard for law abiding citizens. Let it go please!
