Measure: HB3390

Fly tiers use small patches of fur to tie fishing flies. For the most part the fur that is sold to fly tiering material providers and then is made available to fly tiers is provided by hunters. HB 3390 will adversely affect a large industry. Oregon has many shops and providers of materials that serve a wide market of sportsmen and fly tiers that will be affected. We ask that at the very least an exception be provided for the providers of fly tying materials.

Respectfully,
Lanning Hochhauser, President
Dupage Rivers Fly Tiers (DRIFT)
