

Submitter: GERALD SPIRES

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

The ability to keep and bear arms is a constitutional right secured in the 2nd amendment. The laws that the legislature have been trying to enact only takes rights away from the law abiding citizens. It has no impact on the criminal element who can access a firearm through nefarious means no matter how many laws are enacted. Leave our 2nd ammendments rights alone.
