On Behalf Of: Chiloquin  
Committee: Senate Committee On Judiciary  
Measure: SB348

Take note that all the states and cities with the strictest gun control have the highest amount of gun crime/non-self-defense shootings. Disarming law-abiding citizens is not the answer. Actually using the laws on the books to actually prosecute felony gun crimes is the answer. Turning loose and giving a felon probation who actually committed a shooting as happened here in Klamath County is NOT the answer.

As you know, felons are already prohibited from owning firearms.

On top of it all you are blatantly violating the Constitution of the U.S., that of Oregon and recent U.S. Supreme Court rulings!
