Measure: SB348

Regarding SB348:

I am in huge opposition to this bill! Talk about usurping the people's rights! Measure 114 was bad enough but this just takes the cake, I find it disgusting that legislators would AT THE LAST MINUTE put the body of that 'measure' into a bill and try to pass it off as 'new'. This bill will overwhelm the system just as 114 did, there are no mechanisms in place to make it work and many county sheriffs have come out and said they will not enforce it. By hiking fees even larger it leaves single parents, many people of color and single women unarmed in a society increasingly dangerous because the laws are not being enforced especially in places like Portland. And finally it is just plain UNCONSTITUTIONAL, the Second Amendment must not be legislated out of existence and this present legislative body had better rethink what they are doing.
