Measure: SB348

I oppose this bill and posted my testimony at 10PM Sunday night. Left out something important to me to contrast for consideration. I name "study" bills with long time-frames. I find it onerous that this bill is being furtively pushed through with an emergency clause to keep us from filing referendums, and that it contains retroactive features. This is an effort to circumvent the legal process. Measure 114 is in the courts. Likely will be found unconstitutional. This amendment, SB 348-1, would be found unconstitutional, as well. Again I say, do not pass this bill. Burn it. ~~Monday, 3.27.23 10:00AM
