

Submitter: Brian Hughes

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

This is a figment on our 2nd amendment rights. Making laws to protect no one this takes our rights away as a gun owner and our kids rights to purchase a firearm at the age of 18. This is not to protect us this stops us from supporting our 2 amendments to have high-capacity magazines, to buy a gun any time we want to. Your laws aren't protecting no one we protect our self's.
