

Submitter: Heather Fortune  
On Behalf Of: Fortune  
Committee: Senate Committee On Judiciary  
Measure: SB348

I am encouraging you to vote "no" on this measure. I live in an unincorporated area. The local sheriff's office here is closed. I heard a violent altercation between a man and woman in the parking lot across the street. I called the local sheriff's office and got an answering machine. By the time I listened to the message of where to call, whatever was happening was over and may not have been resolved in a good way. The state police are quite slow to get here.

I need to protect myself and my family. We have had people run though our yard while being pursued by the police. There are lots of drugs in this area.

Increasing the laws and fees around gun owning is not helping those of us actually paying taxes and working to. stay safe.

Sincerely,  
Heather Fortune
