

Submitter: Nancy Inglehart

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I am a manufactured home owner in Gresham. I am asking you to support SB 611 which supports rent relief for all renters because so many people need affordable housing in Oregon. Very few Oregonians can afford a 14.6% increase in housing costs. Inflation is forcing many of us to choose which bills to pay each month. Rent increases are straining budgets, especially for people on fixed incomes. The rent increases far outpace wage and Social Security increases. Thank you for allowing me to testify.
