

Submitter: Vickie Westbrooks
On Behalf Of: The People of Oregon
Committee: Senate Committee On Health Care
Measure: SB408

SB 408 Summary: Directs Oregon Health Authority to establish process to receive and review health care profession scope.

We do not need this! Let people decide for themselves what kind of health care they want. Who they want to see. Where they want to be treated.

The Oregon Health Authority does not need to have any authority on the peoples choice of health care.

I believe in Freedom of Choice, not forced choice. Please stop this non-sense.

Respectfully submitted,
Vickie M. Westbrooks
