

Submitter: Harold Brown
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3390

Please exempt Fly Fishing from this bill. If I can't buy flies made from fur then I can't fish anymore in the state of Oregon. That would be a huge financial hit to the state coffers if all the fisherman stopped fishing in Oregon. Thousands of fishermen in the state use fur to tie their flies. I purchase my flies from the local fly fishing shop and I'm sure that many other people do the same. It would be a huge mistake to not exempt fly tying from this bill.

Thank you
