Measure: SB348

Stop trying to take away our gun rights!! There will always be evil people who steal or misuse guns. Don't penalize us honest people or our kids from learning to use guns legally. You represent the people and swore to protect the 2nd amendment! You keep doing bills like this and then our taxpayer dollars are spent to rid us of our guns. Then we pay others to fight you! Quit! Quit! What you are doing is unlawful! You want to take our guns away so we cannot defend ourselves against a tyrannical government, you!
