

Submitter: Dean Apostol
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

Legislation to implement Measure 114, currently SB 348, must fully implement it as Oregon Voters supported and passed it. It's fine to clarify various provisions and smooth implementation, but not at all fine to weaken Measure 114 in any way. This includes exempting so-called "hunting guns." Hunting guns are still guns, and can be used for other than hunting.
