

Submitter: Janay Trimble
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB409

I support this bill that requires all curriculum used in all Oregon schools to be made available online to parents at all times, not just emailing the secretary of the school and asking for it to be emailed to a parent, that may not be practical. A parent should have a login to be able to see what each subject is teaching so parents can do that in their own time what ever that maybe. Going back and forth with the school wastes valuable time that most parents don't have and can be frustrating. I don't think public schools wish to lose more children but the way the Oregon government is going there will be alot more pulled out of school than what happened right after Covid shutdowns so please support this bill! Thank you!
