

Submitter: Molly Bortnem

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB408

I oppose SB 408. This is an attempt to censor and circumvent medical care is a step towards one-size-fits-all, standardized medical care. How we care for our bodies should be a choice. I have used many different kinds of care to heal various ailments. Some have worked better than others, but taking away options eliminates our freedoms as patients to seek the care we want.
