

Submitter: Scott Siegmund
On Behalf Of: Law abiding Oregon residents
Committee: Senate Committee On Judiciary
Measure: SB348

I lived in Lane County my entire life (65 years) and illegal gun control has always been a problem due to lack of personnel resources. Now with more illegals and criminals in the State and law enforcement staffing well below minimum acceptable public safety levels in all major population districts, these actions are simply attempted infringements on 2nd amendment rights, they will not have an impact on the armed criminals you've allowed freely roam amongst us that create a legitimate demand for effective self-defense measures.

When seconds count LEO's are only minutes away.
