On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

I oppose SB 348 because:

1. It is unconstitutional
2. Over reach of government
3. Poses more of a financial burden on the public.
4. It would require the police to oversee training sessions for people/public to obtain the permits. And we are already lacking funds for our police as it is.

In the end, this is a poorly written, bad bill as it is, has no business even being considered, or put on the docket.
