Oregon State
Senate

Bill # 611.

My health keep me
from attending Today's
very important meeting
regarding Senate Bill # 611.
This bill is between
grief and compassion.

I have lived at WoodSpring
almost 18 yrs.

When we moved in it
was 50% over and low
income. Our rent was
\$1400⁰⁰ a month.

Suddenly with slight of
hand, when we were sold
they stopped the 55% low
income. This I was told

was against the law.

Now greed & lack
of compassion have
once again reared
their ugly heads!

We are not like
everyone else: we are
seniors & we are hoping
for a change in the
rental increases to be
lower. There are plenty
of \$2,000 a mo. rentals
for a 1 Bedroom. My
Googer family knows!
We are breaking our necks
for the homeless & many
of us have never held a job

3,

I am a Comp assionate
person but we have
to realize the limits to
assist ance.

I will be 87 yrold
in septemr. I am
now partially blind
& have considered nerve
damage to my lower
limbs. I pay \$1191
Rent & my only income
is \$1587 a month
Soc. Security.
"Try making that
stretch me to mo"

my next residence if,
will be the street.

I am puzzled.

Why can't Woodspring
be on its own as low
income set increased
that are low and let
us live in peace.

This property is designated
low income - cap on
rents & so on.

Are the "Landlord"
falls in that category

Trying to do something
with class & dig with

Remember They
do not want you to
stop their greed,
in not in their
wheel House,

My hope is that
Compassion & Kindness
will Trump greed,
It is completely
different to the low
income & age related
as a property.

Thank you for
your ongoing attention
to this matter.
