Measure: SB348

The number ONE killer of children in the U.S. is guns. Implementing measures that help ensure a safer society is what Oregonians voted for, and the pretense that these measure in any way infringe on the 2nd amendment is a false (and dangerous) narrative. Children, women everyone should have the right to not live in fear over a being in a grocery store, school, park and being shot. No place else in the world has this unique gun violence problem, this measure is a step (a small one) in the right direction
