Re: SB 348

Dear Chair Prozanski, Vice Chair Thatcher, and Members of the Senate Judiciary Committee,

I am neutral on SB 348 as written but wanted to express my views in support of full implementation of Measure 114 in fidelity to the will of the voters.

Any legislation to implement Measure 114 (such as in SB 348) must fully implement Measure 114 as Oregon voters approved it. There are provisions to be clarified through legislative action, but please don't weaken Measure 114 in any way. For this reason, I remain neutral on SB 348-1.

As a parent and a person of faith who volunteered many hours to get Measure 114 on the ballot and passed last November, I appreciate your work so far, but I am concerned that the common sense safety measures in Measure 114 could be weakened by implementation legislation that compromises the exact provisions voters called for.
