

Submitter: Michelle Amberg
On Behalf Of:
Committee: House Committee On Revenue
Measure: HB2199

March 29, 2023 - House Committee on Revenue, Oregon State Legislature

RE: Support for HB 2199

The City of Creswell supports extending the sunset of the enterprise zone program.

Enterprise zones are one of the only options and the best tool we have to attract economic growth and high paying jobs to our small community. Extending the program allows us to leverage the powerful economic development tool to draw new investments to our region and help retain and expand existing operations.

The City of Creswell is looking forward to using this economic development tool in the near future as we grow our industrial sectors.

Sincerely,

Michelle Amberg, City Manager
