Measure: SB348

Regarding SB 348, my family and my friends are absolutely opposed to any additional regulations legislated to restrict our right to reasonable gun ownership. The great state of Oregon has sufficient firearms regulations in place to make us one of the most firearm regulated state in the union. Enforce existing regulations, especially ATF form 4473, item 21 both e and f. ( dealing with drugs both legal or illegal and mental conditions). Work to clearly enforce mental conditions and drug use both prescribed and illegally used. Clearly I oppose sb 348. Thomas D Andrade
