Committee: Joint Committee On Transportation

Measure: HB3202

Dear Legislators,

I hope that you will be a yes vote for House Bill 3202, which can help curtail the damage done by light pollution to wildlife as well as human health.

Many other states have taken such steps already. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
